

Take the “genuine,, Service Advantage

Electrolux represents modern technology, future-oriented design, excellent quality and high performance. A trademark that has always focused on ecology and high energy efficiency.

Values that are obviously also applied to after sales service. To provide the “**best**” at all times, the importance of ensuring the safety of those working and those who “eat” cannot be underestimated.

And if we want to obtain the “**best**” in terms of performance and the lifespan of equipment, recognising and applying a few simple rules becomes relevant:

- ▶ **Genuine Spare Parts**
- ▶ **Genuine Accessories**
- ▶ **Genuine and punctual servicing**

To purchase the detergents, please contact one of our approved suppliers:

The best formula to take care of your appliances

 **Electrolux**
Service

Integrated Automatic Intensive Cleaning System

Provides effective cleaning results thanks to the spray arm design which adds water pressure and eliminates any residue of non-dissolved chemicals in the chamber. Fully automatic, hassle-free cleaning, just select the appropriate cycle and press start.

- ▶ **Built-in and easy to use:** no additional devices or tools have to be inserted
- ▶ **4 pre-set cycles:** from 45 minutes up to 150 minutes avoiding unnecessary waste of detergent or water
- ▶ **Automatic cool down** of the cooking chamber: when the temperature exceeds 70 °C
- ▶ **Automatic stand by mode:** no need to wait until the end of the cleaning cycle
- ▶ **Safe:** in case of power failure during cleaning, when power returns, your Electrolux oven (with Integrated Automatic Intensive Cleaning System will automatically activate the rinse cycle to remove any eventual detergent residue)

ExtraStrong Clean for oven

The cleaning agent developed by Electrolux will guarantee the best results for keeping your oven clean and hygienic.

The particular chemical composition of **ExtraStrong Clean for oven** effectively removes the most stubborn and greasy cooking residues, saving time and reducing labour costs.

Thanks to its liquid formulation, **ExtraStrong Clean for oven** is easily dissolved in hard or soft water.

Code: **OS1192**
Package: **4 x 5 lt containers**

ExtraStrong Rinse for oven

From Electrolux research, this is the ideal rinse aid to keep your oven dry and sparkling.

ExtraStrong Rinse for oven keeps your oven surfaces clean and sparkling, while making them dry faster, saving time.

Thanks to its liquid formulation, **ExtraStrong Rinse for oven** is easily dissolved in water, whether hard or soft. For best results, use regularly.

Code: **OS1193**
Package: **4 x 5 lt containers**
